

ENVIRONMENTAL STUDIES SCHOOLS REQUIRED READING

The National Gardener— 4 issues per year
LIVING IN THE ENVIRONMENT- G Tyler Miller, Jr.

This textbook is the only book required for all courses. It is continuously revised. In the Environmental Studies Schools, we are teaching the basics of Environmental Science and Ecology to have an understanding of how the earth processes work. Required reading as future editions are published will be available from NGC, Inc. ESS Chairman and/or Accrediting Chairman.
